

MISS CORA LOVIE CALLED BY DEATH

Miss Cora Lovie, one of the best known young women of Redwood City, passed away Thursday afternoon at the home of her sister, Mrs. Harry Schmitt, in San Francisco. She had been ill for over a year, suffering from a stomach and kidney ailment. She was called by death at the age of 28. She was the daughter of Mr. and Mrs. J. W. Lovie, who were prominent in the community. She was a member of the local building and loan association and was known for her cheerful disposition and her helpfulness to all. She was buried in the local cemetery.

Laws Planned To Protect Birds

Ordinances aimed at the protection of game birds in this county as well as the protection of the persons and property of persons living in the outskirts of the town have been prepared by District Attorney Franklin Swart and will be considered by the board of supervisors at their regular meeting next Monday. One ordinance will make a closed season on quail and doves in the First, Second and Third townships of the county, including all of the county except the coastside. The other ordinance will make it unlawful to hunt on private land without a written consent of the owner of the land. Both ordinances are calculated to discourage the hunting of doves and quail in this county, and will, it is thought, give the game birds an opportunity to increase. The county is getting so thickly settled up, Swart declares, that a number of protests have been made concerning careless hunters endangering the lives of persons by shooting near homes. Reports of windows broken and of tame birds being shot have been made in the past.

STREET EXTENSION REPORT FILED

Plans for the extension of Broadway across Main street to the east were presented to the board of trustees of Redwood City Monday evening by the Redwood City Chamber of Commerce. The report was presented to the board by E. B. Hinman, president of the chamber of commerce, and had been previously approved by a special committee appointed by Hinman to investigate the conditions on Main street and to find out what the property could be purchased for. The committee, which made the investigation consisted of E. K. Towne, P. E. Brand and Harry Groom. The report showed that the extension would be about \$75,000. Three methods of financing this improvement were suggested by the committee: (1) A bond issue to cover the cost of the project to be paid in annual installments; (2) A bond issue for a portion of the cost and the formation of an assessment district, taking in a certain portion of the city adjacent to the property; (3) The formation of an assessment district of the whole of Redwood City, the property being assessed according to the benefits to be received. The report of the chamber of commerce was received and filed by the board of trustees, and Mayor Henry Beecher asked Frank Towne, chairman of the committee, which prepared the report, what method of financing the committee would recommend. Towne stated that while the committee favored the formation of an assessment district to take in the entire city, they were not ready to make any recommendations, as they felt that that should be done by the city attorney.

California Celebrates Diamond Jubilee

Seventy-five years ago on September 9th, 1849, California sprang full grown, like a great Minerva from what had been a lawless wilderness and took its place as the thirty-first sovereign state in this great federation. A few years before California had been a land of fable. Little was known of this western edge of the continent, the only sources of information were the tales of a few travelers who had, like Dana, braved the hardships and privations of a trip which often required years for its completion. At the time of the formation of the state and in the next few months California became the most discussed state in the Union. In the seventy-five years which have elapsed since that time the progress made by this state has been a true miracle. A vivid picture of the times and conditions surrounding the formation of California are given by Bayard Taylor, who was here during the event and chronicled his impressions at the time. Taylor writes:

The discovery of the gold region, the influence of a few individuals who were continued by the existing authorities. This was to call a convention for the purpose of drafting a state constitution that California might at once be admitted to the Union without passing through the usual territorial stage—leaping at a bound, as it were from a state of semi-civilization to be the first sovereign republic of the American Confederacy. The vast influx of immigration had already increased the population to far beyond the required number and the unparalleled speed with which labor and commerce were advancing warranted such a course no less than the important natural resources of the country itself. The result of this movement was a proclamation from Governor Riley, recommending that an election be held on the first of August, 1849.

The convention was not regularly organized until the 4th, when Dr. Robert Semple of Sonoma district, was chosen president and conducted to his seat by Capt. Sutter and General Vallejo. The building in which the convention met was probably the only one in California suited to the purpose. It was a handsome two-story edifice of yellow sand stone, situated on a gentle slope above the town of Monterey. It is called Colton Hall, on account of having been built by Don Walter Colton, a former alcalde of Monterey. From the proceeds of sales of city lots. The upper story, where the convention sat, formed a single hall about sixty feet in length by twenty-five feet in width. A railing running across the middle divided the members from the spectators. The appearance of the whole body was exceedingly dignified and intellectual, and parliamentary decorum was strictly observed.

City Briefs

Mr. and Mrs. William Kelso left yesterday for a motor trip to Lake County, where they will spend a week. While away Mr. Kelso will try his hand at chasing the elusive deer.

The Misses Madeline and Claire Shields, daughters of County Auditor and Mrs. J. J. Shields, sailed this week on the S. S. Matsonia for Honolulu, where they will spend three months.

A. McSweney, the popular tax collector, returned from a short vacation spent in the northern part of the state on Monday. He had a delightful time and speaks in glowing terms of the prosperity of that section. Mr. McSweney is one of the best known tax collectors in the state, and in his own county his friends are legion.

Eugene Goldrup, a graduate of Sequoia Union High School and a resident of East Palo Alto, has been appointed to a clerical position in the National Bank. He is a young man of integrity and ability, and will make good in the banking business. The genial and considerate manager of the institution, Frank K. Towne, will give him every opportunity to advance.

Gordon Seely and his charming wife left yesterday for their home in Tampico, Mexico, where the former is employed by a large oil concern. Mrs. Seely has been visiting her parents, Mr. and Mrs. A. J. Promm, in Redwood City for the past three months. Seely is a former Redwood City boy.

Mr. and Mrs. John Poole returned Wednesday from a camping trip, one of which was spent in the Little Sur country and in the Big Basin. They report that fishing is not as good as it was before the automobiles made

BEIJER TRAIN SERVICE PLANNED

According to plans made public this week by the Southern Pacific Company, a new schedule of trains will go into effect at midnight tomorrow night which will afford much better transportation facilities for commuters in peninsula towns. The improvement in the company's service is due to the rapid growth of the peninsula and San Francisco, the officials said. "The constant increase in train miles added to the service between San Francisco and San Jose is indicative of the growth of the region," P. S. McGinnis, passenger traffic manager of the Southern Pacific, said. "Only through the co-operation of the public whose patronage makes the service economical is it possible to maintain and improve this service," he said. The new schedule will include 34 fast passenger trains each way daily including two non-stop trains from San Francisco to Redwood City, one leaving San Francisco at 4:10 and arriving here at 4:45, the other leaving here at 5:17 and arriving here at 5:45. The schedule calls for the arrival of trains in San Francisco between 7:20 and 9 o'clock in the morning, when the commuting traffic is the heaviest. In the evening 11 trains will leave between 4:20 and 5:45. Speeding up of traffic along the peninsula division of the S. P. has been made possible, officials state, by the introduction of shorter and more numerous blocks which allow the trains to run closer together with safety.

The improved service for Redwood City was obtained through the efforts of the board of trustees, who through the city attorney, Albert Mansfield, have been seeking improved transportation service on both railroad and bus lines. The trustees asked to have Redwood City made a flag station for the Lark in order that those desiring to board the train should not have to go to San Jose or San Francisco. In this, however, they were unsuccessful.

LEGION FUND DRIVE

The Legion Endowment Fund Drive Committee met Thursday night at the home of Frank Thompson and reports from the different members were given in final reading, with the result that the total of \$225 was secured for the fund.

PASSES QUOTA SET

Redwood City and vicinity's quota was shown to be within easy reach. The committee headed by Rev. C. E. Kennedy was elated over the fact that this community had done so well without any drive or campaign being made and feels that publicity furnished by the local papers was entirely responsible for the success of the drive.

PIONEER SAN MATEO COUNTY SHERIFF RETURNS FROM TOUR

Harry Hatch, a sheriff of San Mateo county away back in the eighties and who has the reputation as being the youngest sheriff ever elected in the state, was here on Thursday calling on old friends. Mr. Hatch has just returned with his wife from a world tour on the Empress of Japan. They visited Egypt and the Holy Land and other distant countries being away nearly three months. Mr. Hatch was a resident of Halfmoon Bay when he was elected sheriff, he being 23 years old. Unlike most pioneers, Mr. Hatch had vision and when the City of Burlingame was opened for settlement he bought heavily of the choice property according to the suit. His wife offered for sale and now with his vast income as a result of his vision he is enjoying life in traveling and seeing other countries. He and his wife have visited almost every place west of the Mississippi.

Clifton Woodhams and Mr. and Mrs. Chilcott left yesterday for Denver, Colorado, where they will attend the convention of National Title men.

I am putting all my ability and honor into the building of this business—A. J. Weiss, Haberdasher. Adv.

"Bottle Neck" To be Stretched

The "bottle neck" at Colma, long a menace and an inconvenience to the motoring public on the peninsula will soon be a thing of the past if plans now under consideration by the State Highway Commission reach materialization. It was announced this week by Col. John H. Skeggs that work of widening the "bottle neck" would begin within four months. It is the plan of the commission to widen the highway at Colma and along the cemeteries from 20 to a traffic clearance of 80 feet. Col. Skeggs stated this week that the widening of this part of the highway is regarded by the Highway Commission as the most pressing and important traffic problem in the state. Money has already been allotted by the commission for making this improvement.

It was reported that some arrangement had been made between the Southern Pacific Railway Co. and the Market Street Railway Co. by which the tracks of the latter are to be laid along the right of way of the former. The Market Street Railway has hitherto shown very little disposition to assist in this needed improvement and have been the subject of much unfavorable comment. In speaking to A. L. Black, vice-president of the railway company, Thomas L. Hickey of this county, said: "If you won't move the tracks willingly, we'll make them move by force. We're going to rise up and the board of supervisors will force your hands. Don't forget the rights of the people come first and the rights of the corporation second."

LOCAL KIWANIS CLUB TO OBSERVE CONSTITUTION WEEK

The Redwood City Kiwanis club will again this year celebrate "Constitution Week" which occurs September 13-19, and in carrying out Kiwanis International's objective of promoting an intelligent, aggressive and serviceable citizenship, including citizens entitled to vote to exercise the right of franchise during elections.

Observing with the local club will be 1340 other Kiwanis clubs throughout the United States, who are also preparing extensive programs for their communities in emphasizing the need of a thorough study of the fundamental principles of the United States government.

Officers and directors of the local club are now busy with plans and within a few days announcement will be made of the club's outline for "Constitution Week."

The fourth year that Kiwanis International has observed the commemoration many believe that returns on the aggressive interest shown over the country will create a stimulated interest for studying the principles of the Constitution.

LOCAL MAN CHARGED WITH RECKLESS DRIVING

Following a crash on the highway at Easton Wednesday, when a car driven by L. P. Prior of this city, and a car belonging to William Lauterback, of Menlo Park, were badly wrecked, a warrant was sworn out by D. D. Ryan, of the local man charged with reckless driving. The warrant was issued from the court of Judge Joseph V. Gaffey of Burlingame. Prior lives at 260 Fulton street of this city.

PLAINTIFF PETITIONS TO COMPROMISE SUIT

A petition asking to compromise a claim for \$180 of Frank Adolphus Reynolds, administrator, was filed this week by his mother. The claim was for damages as a result of an automobile accident which occurred here in June in which the minor was injured by a car belonging to L. T. Casaretto and G. B. Merrill of this city according to the suit. The petitioner was represented by H. T. Kelsey.

NATIVES ALL SET FOR BIG PARADE

As the result of preparations which have been in progress for several months past Redwood City's part in the big parade next Wednesday in San Francisco will be an assured success. The local paraders of Native Sons and Native Daughters have been chosen to depict the Indian period of California history in the great jubilee pageant, and not a thing has been overlooked by the committee in charge which will contribute to the success of their participation.

A float is now being prepared by Mr. Doxey, which will far outstrip any that Redwood City has ever entered in a parade before. The float will represent an Indian scene with hills in the background and a trail winding through the trees and with an Indian village. Seven local natives in Indian regalia will be on the float. About 125 other members of the local paraders will march in the parade.

The Redwood City paraders will have a place in the parade directly behind the grand officers of the order. They will form to march on the Embarcadero, just south of Market street at 9:30 a. m.

Following the parade the members of Redwood Parlor N. S. G. W. and Bonita Parlor N. D. G. W. will entertain their friends and enjoy a banquet at the Cliff hotel at the corner of Geary and Taylor streets. This hotel has been secured as the headquarters of the local members. Dancing will be enjoyed here from 2 to 6 o'clock.

Preparations for the participation of Redwood City in the parade have been in charge of a committee headed by J. C. Jones. The other members of the committee are: Mrs. W. Thompson, chairman of Bonita Parlor, N. D. G. W.; Mrs. R. E. Brown, secretary; Wesley Locker, treasurer; Mrs. Anna Collins, Mrs. Ben Jackson, Mrs. Laurence De Rosa, Miss Mirandetta, Mrs. Thelma Deppel, Mrs. Clarence Junker, Mrs. Ivy Ketting and Mrs. Theodore Jones. By Marcus, Geo. L. Roberts, Louis Lodi, C. M. Junker, Ed Randolph, A. S. Liguori, Bud McKay and Chas. Curran.

Money for making this part of the Diamond Jubilee possible for the local paraders has been raised by means of the sale of stamps and other affairs during the past few months. The board of trustees of Redwood City gave \$150 toward meeting the expenses of the participation, as they felt that Redwood City's showing in the parade was of value to the town as a whole.

ENLARGING STORE TO ACCOMMODATE STOCK

In order to handle a greatly increased stock of goods, A. J. Weiss, who recently bought out Marcus and Son's haberdashery business, is this week having his store enlarged by the removal of a partition in the rear. When completed the alterations will effect an enlargement of the store by one-half of the present floor space, and will make room for a greatly increased amount of shelf room.

TWELVE BEGIN WORK AT NEW KINDERGARTEN

Twelve children have registered at the new kindergarten which opened this week in conjunction with the Lincoln school on Whipple avenue. The kindergarten was started by the board of school trustees to accommodate the children in the Highlands and Wellesley Park. Miss Helen Heiner will have charge of the kindergarten and will teach there in the afternoon. In the morning Miss Heiner will run the kindergarten in the Central school.

IS NOW COMPLETED

The work of excavation for the sorting tank which will be installed at the Redwood City waterworks, was completed this week. Workmen are now at work building the forms for the concrete. The settling tank was made necessary by the amount of sand which is carried up by the artesian flow of the deep wells which supply the city with water.

Satisfaction and a fit for all boys from one to one hundred years old. A. J. Weiss, Haberdasher. Adv.

## A BOARD OF HEALTH

A movement has been inaugurated by civic organizations throughout the county and is being backed by the physicians of the county to secure the creation of a county board of health with a full time paid health officer.

The matter is one worthy of earnest consideration. Speaking of the proposition this week, Dr. J. N. Blood of this city stated that while "every municipality maintains its own health board or health officer, the prevention of epidemics is a bigger job than the municipalities can handle." There were a number of cases of small pox this summer, Blood said, and the disease might have become epidemic but for the preventative measures used. Also there were cases of scarlet fever which threatened to become epidemic.

The state board of health favors the coordination of the municipal boards of health under a county health board, which would be able to take preventative measures in case of an epidemic of disease. For this purpose, Blood stated, the state has made available a fund from which a county may draw \$400 for aiding the maintenance of a county health board for the first year.

The creation of a health board in this county would be little if any expense to the county. In fact, it was stated, there are sufficient revenues received at present to maintain such a board. There is a fee for burials from outside of the county, which would go far toward the payment of the expenses of a county health officer, as nearly all burials from San Francisco are in this county.

## A GOOD BEGINNING

A merchant who has just started in business in Redwood City told us this week that wherever he goes newspapers prosper. This merchant has prospered himself from all indications, and prides himself upon the amount of advertising he has used in newspapers where he has been in business before. Newspaper advertising has built up his business, and has incidentally built up the business of the paper. Advertising, more than any other business, benefits both parties of the contract, and makes money for all concerned.

The merchant may by advertising double his sales and make proportionately more upon his investment. The advertising he does means prosperity for the newspaper. And last but not least, the advertising merchant by selling more goods can sell for less than the merchant who does a less volume of business, and thus he saves money for his customers.

Advertised goods can always sell at a less profit, because of increased volume, this in turn, increases the volume to an even greater extent. Likewise merchants who know the advantage of advertising, can undersell merchants who miss this opportunity of increasing their business and yet make more money. Therefore to buy the best for the least, buy advertised goods. To buy where your money means the most buy from the merchant who would rather make many sales on a small profit, than from one who has to make his profit on a small amount of business. The merchant who advertises is looking for the volume.

## CORNERSTONE OF COMMERCE

THE fire insurance business of today represents the evolution of nearly 260 years, and during this long period it has become closely interwoven with the very fabric of the industrial and social life of the world; it is the cornerstone of commerce. In its ramifications, it affects directly and indirectly every individual in the country. It could not be otherwise, in view of the fact that outstanding fire insurance approximate the tremendous sum of \$100,000,000,000.

The announcement that fire insurance companies last year paid losses amounting to \$470,000,000 is slightly misleading. These losses were not paid by insurance companies but by property owners, for every fire loss is collected in insurance rates.

If American people would only reduce their carelessness by half, it would mean a great saving in insurance premiums.

## KILLING THE FARMERS' FRIEND

WHEN an Iowa farmer complained that the pheasants were eating his corn, the game department killed two of the birds, examined their crops, and found 200 cutworms—and no corn. Almost without exception, when the scientists investigate such cases they find the same result. The farmer owes his crop to the feathered police that keeps down the bugs, insects and worms. With continuing slaughter of every form of bird life insect loss will be heavier and farm work harder. The nation could train an army of riflemen in a comparatively short time, but it couldn't in a century restore the bird armies that are the farmers' allies in raising food to feed the country.

## CRUELTY CHARGED IN

## DIVORCE ACTION

Charging cruelty, Mrs. Bertha Cronk of San Mateo this week filed suit for divorce from Bryant Cronk of this city through her attorney, J. E. McCurdy of San Mateo. The couple were married in San Francisco in December, 1920 and have one child, a girl of 4 years old. The wife asks for the custody of the child.

## Household Hint

To avoid a hole in garments or tin pans mix putty with linseed oil and apply it on the outside of the hole.

## Remarkable Bird

The hothead of British Guiana is a remarkable bird. Almost as soon as hatched it crawls out of the nest by using its wings as forefeet. The "dumb" and "forefinger" of the wings have claws with which the young bird climbs.

## Names for Church Bells

Charlotte M. Yonge says: "Church bells were wont to be baptized after the apostles, and the deep full sound of the first syllable of Thomas made it specially applicable to the largest and best of the bells, which the great Thomas of Lincoln cathedral and of Christ church, Oxford."

## "The Worst is Yet to Come"

## EAST PALO ALTO

The Dumbarton Grange conferred the 1st and 2nd degree on a class of candidates Tuesday evening and a social hour with refreshments was held in connection with the lecture.

The Pomona Grange meets at Mountain View today to confer the 3rd degree at 2:30, followed by a basket lunch at 6:30 and a program at 8 o'clock.

Next Tuesday evening will be the regular meeting of the East Palo Alto Progressive Club in the school auditorium. The club sent an exhibit of home products to Sacramento Wednesday for the San Mateo booth.

Mr. and Mrs. P. Ghiorso of Oakland were week-end visitors at the Alfred Gravelstock home this week.

Mr. and Mrs. Carol DaMant have started construction of a bungalow in North Palo Alto.

Mr. and Mrs. Harry Garton motor to Santa Cruz for the week end this week.

Mrs. H. E. Hawley was able to be brought home from the hospital the last of the week and is able to see her friends at her home on the Bay Road.

Mrs. McFall is visiting relatives in Watsonville this week.

Mrs. F. Polson of Fresno is passing a few days with Mrs. Della Brewster. She arrived Sunday.

Mrs. F. Leveron and two sons of Patterson are passing the week at the home of Mr. and Mrs. Warren Huffman. Mrs. Huffman and Mrs. Leveron are sisters.

Mildred Hansen came home ill from Sequoia High School Monday and Tuesday was taken to the hospital for an operation for appendicitis.

Mrs. A. McElhattan, a sister of Mrs. W. A. McElhattan, is here from Oakland this week. Mrs. G. Miller of Arizona and Mrs. D. Read and daughter Berenice of Oakland

were visitors Friday at the McElhattan home.

Mr. and Mrs. E. Taylor of San Jose passed the day Monday with Mr. and Mrs. F. Mortens.

Miss Harriet Muzzy was a business visitor in Mill Valley the last of the week.

## POP CORN MAKES AN EXCELLENT CEREAL

Suggested as Good for Sunday Supper at Home.

(Prepared by the United States Department of Agriculture.)

Though corn meal is now used in other parts of the world, pop corn seems still to be a peculiarly American product. White, fluffy kernels of popped corn have been found among prehistoric Indian remains in South America and also specially shaped earthenware implements with a depression in the center and a long handle, evidently the equivalent of our modern corn poppers. In olden days in this country the grains were sometimes thrown on the hot coals, where they burst and bounced back on the floor for the children to scramble after.

Though pop corn is most often eaten between meals as a sort of food accessory, it has a food value similar to that of the same weight of corn prepared in other ways. It makes an excellent breakfast cereal served with milk or cream, and is so used in many families. The United States Department of Agriculture suggests that a good supper for a Sunday at home is corn popped over the open fire and served hot with melted butter or with milk and a little salt, and perhaps with apples or other fruit as a final course. The recipes which follow show how popped corn can be made into wholesome homemade sweets of which children and elders are usually very fond.

## Chocolate Pop Corn

2 cupsful white 2 bunches chocolate.  
sugar corn 1 cupful water.  
1/4 cupful syrup.

Cook these ingredients together until the sirup hardens when dropped into cold water. Pour the hot sirup over four quarts of crisp, freshly popped corn and stir well to insure the uniform coating of the kernels.

## Sugared Pop Corn

Make a sirup by boiling together two cupsful of granulated sugar and one cupful of water. Boil the sirup until it strings from the spoon or hardens when dropped into cold water. Pour the hot sirup over six quarts of freshly popped corn and stir well.

## Pop Corn Balls

1 pint sirup. 2 tablespoonfuls  
1 pint sugar. 1 butter.  
1 teaspoonful vinegar.

Cook these ingredients together until the sirup hardens when dropped into cold water. Remove to back of stove and add one-half teaspoonful of soda dissolved in one tablespoonful of hot water and pour the hot sirup over four quarts of freshly popped corn, stirring till each kernel is well coated. The mixture can then be molded into balls or into any desired form.

Maple sirup makes light-colored balls, while darker ones are made with New Orleans molasses.

Loada Valued in France  
Tons, the rotund garden variety, have a market value in France. The French gardeners claim that this warty-skinned amphibian devours its weight in injurious plant insects every 24 hours, and is encouraged to live in their gardens. Killing one of these insect hunters in France is considered the height of folly.

## LEGAL NOTICE

NOTICE INVITING SEALED PROPOSALS No. 1.

Pursuant to statute and to the Resolution of the Board of Trustees of the Town of San Carlos directing this notice, said Board of Trustees hereby invites sealed proposals or bids for doing the following work and making the following improvements in said town, to-wit:

SECTION 1. That the hereinafter mentioned or named streets, avenues, roads, public ways and rights of way of and in said Town of San Carlos, be improved by the construction, widening and upon the same of vitrified clay glazed iron pipe, sanitary sewers and red burnt brick manholes capped with cast iron frames, covers and dust caps, and vitrified salt glazed iron pipe lamp-posts, capped with cast iron frames and covers, of the sizes, dimensions, to the grades and in the particular locations and positions as shown by the plans, profiles and specifications hereinafter mentioned; also that four (4) inch vitrified salt glazed iron pipe sewer ways be constructed in and placed along all of the lines of the above described sanitary sewers to the number of (1) such way for each separate lot, pipe or parcel of land shown on said map, and to be served by such proposed sanitary sewers. All of the said sewer and work shall be constructed at the places, positions and locations and of the dimensions and in the manner and to the grades as shown and described upon and in the plans, profiles and specifications therefor adopted by the Board of Trustees of said Town of San Carlos on the 10th day of August, 1925, which said plans and specifications are hereby particularly referred to and made part of this resolution of intention.

SECTION 2. Said streets, avenues, roads, public ways and rights of way, or portions thereof, so to be improved, are all situated within the exterior boundaries of the assessment district hereinafter mentioned and described and are more particularly described as follows, to-wit:

- (1) Orange Street, from Prospect Street to Chestnut Street;
- (2) Prospect Street, from Hillside Street to Cypress Avenue;
- (3) Manzanita Avenue, from Sycamore Street to Hawthorne Avenue;
- (4) Greenwood Avenue, from Manzanita Avenue to Hawthorne Avenue;
- (5) Vine Street, from Hillside Street to Manzanita Avenue;
- (6) Sycamore Street, from Hillside Street to Cypress Avenue;
- (7) Prospect Row, from Sycamore Street to Cypress Avenue and Hillcrest Road;
- (8) Hillcrest Road, from Hillside Street to Prospect Row and Bellevue Avenue;
- (9) Manzanita Lane, from Hillcrest Road to Sycamore Street;
- (10) Hillside Street, from the easterly line of Hillcrest Road extended to the westerly end of Hillside Street;
- (11) Madrona Street, from Highland Avenue to Hillcrest Road;
- (12) Highland Avenue, between Hillcrest Road and the northerly end of Highland Avenue;
- (13) Arundel Road, from Hillcrest Road to Phelps Road;
- (14) Palm Avenue, from Phelps Road to Bellevue Avenue;
- (15) Bellevue Avenue, from Arundel Road to Hillcrest Road;
- (16) Phelps Road, from Alameda de las Pulgas Road to the northerly end thereof;
- (17) Cypress Avenue, from Cedar

Street to Alameda de las Pulgas Road; (18) Alameda de las Pulgas Road, from Phelps Road to Cypress Avenue. The ways and rights of way in, upon and along which such improvements are to be made as aforesaid are in those certain rights of way originally conveyed to San Carlos Sanitary District and Town of San Carlos by deeds recorded and now of record in the office of the County Recorder of the County of San Mateo, State of California, and which were formerly portions of the lots within and are now situated within Blocks 1, 2, 3, 4, 5, 6, 11, 12, 13, and 14 of the tract shown and delineated upon that certain map entitled "Re-division of Tract 1 and a portion of Tract 2 of the property of the San Carlos Park Syndicate," which map was filed for record in the office of the County Recorder of said County of San Mateo, on September 28, 1912, and is recorded therein in Book 8 of Maps at page 24, said San Mateo County Records.

Said descriptions are to be deemed to include all terminations, intersections and opposite terminations.

SECTION 3. There is excepted from said work above mentioned any duplication of the same class of work due to duplication of description, it being the intention to describe only one improvement of the same class at one place.

SECTION 4. Said board does hereby work and establish as the official grades for said work, the grades and elevations shown upon the said plans, profiles and specifications. All such grades and elevations are referred to the city official base or datum established by said Board of Trustees on August 10th, 1925. Said work shall be done to the grade shown on said plans and profiles, which show the grade at which said work shall be done and reference is hereby made to said plans and profiles for the description of the work. All elevations are established according to height in feet and decimals thereof above the city base as established by said Board of Trustees on the 10th day of August, 1925.

SECTION 5. AND WHEREAS, said contemplated work and improvement in the opinion of said Board of Trustees is of more than local or ordinary public benefit, said board makes the expenses of said work and improvement chargeable upon a district, which said board in its resolution of Intention No. 1, passed August 10, 1925, declared to be the district benefited by said work and improvement and to be assessed to pay the costs and expenses thereof, and which said district is a corn and sirup making district in the County of San Mateo, State of California, and is bounded and described as fully set forth in said resolution of intention, reference to which is made for the boundaries thereof and a description thereof.

SECTION 6. Said Board of Trustees further resolved and declared in and by said resolution of intention that serial bonds to represent unpaid assessments, and to bear interest at the rate of seven (7) per cent. per annum, will be issued hereunder in the manner provided by the Improvement Bond Act of 1915, as amended, the last installment of which bonds shall mature nine years from the second day of July next succeeding ten months from their date and reference is made to said resolution of intention for further particulars of said bonds.

SECTION 7. Said resolution was adopted pursuant to the provisions of water and the provisions of the State of California designated as the "Improvement Act of 1911" approved April 7, 1911, as amended, and under the above mentioned Improvement Bond Act of 1915, as amended, and further proceedings hereunder shall be taken and had thereunder.

Reference is hereby made to Resolution of Intention No. 1 of said Board of Trustees declaring its intention to do the said work to be done, for further particulars, which resolution is on file in the office of the clerk of said city, and reference is hereby further made to the specifications for said work posted and on file.

All proposals or bids shall be accompanied by a check payable to the Town of San Carlos certified by a responsible bank for an amount which shall not be less than ten per cent of the aggregate of the proposal, or by a bond for the said amount and so payable, signed by the bidder and two sureties, who shall justify, before any officer competent to administer an oath, in double the said amount, over and above all statutory exemptions.

Said proposals or bids shall be delivered to the clerk of the said town on or before eight o'clock P. M. on the 21st day of September, 1925, said time being not less than ten days from the time of the first publication and posting of this notice, on which day and hour all proposals or bids will be publicly opened by said Board of Trustees.

Dated: September 1, 1925.  
JULIUS M. EDLING,  
Clerk of the Town of San Carlos.  
First publication in Times-Gazette, September 5, 1925; last publication September 12, 1925.

## California!

IN the three-quarters of a century that have elapsed since California was admitted to the Union, the World has come to know this Golden State as a Garden spot—full to brimming over with opportunity.

The prosperity that has come with each succeeding year is but the natural consequence of the bountiful goodness with which California is endowed—and the spirit of the people who have made this their home.

The Bank of Italy has been privileged to share in this abundance, and to have a part in furthering the continued development of the state's resources.

In the celebration of the Diamond Jubilee, this institution, throughout its statewide organization, enters with enthusiasm upon the festivities of this occasion.

WEEKLY CALIFORNIA  
INDUSTRIAL REVIEW

Ena Mills—Contract awarded at approximately \$15,000 for constructing new high school gymnasium. Sawyers Bar—New road to be constructed between here and Cecilville. Vacaville—Contract awarded at \$111,552.25 for paving six and half miles of Pleasant Valley road out of this city.

Mr. Shaatz—Old Fellows to erect new hall on site of present structure. Fortuna—Mill "A" of Pacific Lumber Company resumes operations, whose duties were confined to safeguarding the lives and limbs of the 450 men who made up the average daily crew. For this work, J. J. Rosendo for ten years chief construction engineer of the California Industrial Accident Commission, was selected.

One of the principal hazards of the construction was the fact that two adjacent eight-story buildings had to be kept intact, although the foundations of the new structure extended 28 feet below the foundations of its neighbors.

In addition this job completed without the loss of a life included the placing of 6,000 tons of structural steel, 70,000 yards of concrete, 2,500,000 bricks and 100 carloads of terra cotta.

SO. SAN FRANCISCO UNDER-PASS TO BE LARGEST OF ITS KIND

Details made public this week by the bridge department of the California Highway Commission indicate under-pass on the Bay Shore Highway, plans for which have been submitted to the state railroad commission, will be the largest structure of its kind on the state highway system.

The proposed subway will carry the Bay Shore Highway under the two main line tracks and six additional tracks of the Southern Pacific near the city of South San Francisco. It will be constructed of steel and concrete and will be 150 feet long, with an overhead clearance of fourteen feet. The subway will have a clear roadway width of forty feet, and in addition an eight foot sidewalk for pedestrians.

San Leandro—Key System Transit Company constructing 3,605 feet double track, on East Fourteenth street, at cost of \$74,095.

San Fernando—Pouring of concrete for world's highest dam starts here Oct. 1 to cost \$2,000,000.

Laurelwood—Construction of \$400,000 high school to begin Sept. 15th.

Newport Beach—Southern Seas Club organized to build \$500,000 club and hotel building.

Oroville—First crop of commercial silk ever produced in this city, ready for market.

Wash. Returns from melon crop in this district approximately \$250,000.

Oroville—Plant under construction for Table Mountain Clay Products Company.

Watsonville—Plans under way for remodeling city hall at cost of \$13,369.

Petaluma—Contract let for paving three miles Petaluma-Valley Ford highway.

Vineburg—Road between this city and Napa county line to be paved.

San Diego—\$25,000 store building to be constructed at Fairmont and University avenue.

San Leandro—Key System Transit Company constructing 3,605 feet double track, on East Fourteenth street, at cost of \$74,095.

San Fernando—Pouring of concrete for world's highest dam starts here Oct. 1 to cost \$2,000,000.

Laurelwood—Construction of \$400,000 high school to begin Sept. 15th.

Newport Beach—Southern Seas Club organized to build \$500,000 club and hotel building.

Oroville—First crop of commercial silk ever produced in this city, ready for market.

26-Story Building  
And no Lives Lost

Not a life was lost in the construction of The Pacific Telephone & Telegraph Company's new building on New Montgomery street, San Francisco. This building, the tallest in the state, contains twenty-six stories, and according to the old fatalistic theory of builders, would have cost twenty-six lives: "one death to a floor" was the old adage.

In the work of construction the builders made use of the services of an expert safety engineer, whose duties were confined to safeguarding the lives and limbs of the 450 men who made up the average daily crew. For this work, J. J. Rosendo for ten years chief construction engineer of the California Industrial Accident Commission, was selected.

One of the principal hazards of the construction was the fact that two adjacent eight-story buildings had to be kept intact, although the foundations of the new structure extended 28 feet below the foundations of its neighbors.

In addition this job completed without the loss of a life included the placing of 6,000 tons of structural steel, 70,000 yards of concrete, 2,500,000 bricks and 100 carloads of terra cotta.

FORD ANNOUNCEMENT  
CREATES BIG DEMAND

Since the announcement last week by the Ford Motor Company of the improved line of Ford body types, public interest has been running higher than for years past according to W. H. Goodwin, branch manager in San Francisco.

"Ford dealers are securing hundreds of orders on the strength of the company's announcement," said Goodwin.

"Both body improvements and chassis refinements have met with widespread approval on the part of the many people now planning to become car owners. One reason attributed to this is that the improved model is entirely in accordance with the policy of the Ford Motor Company to give the public the benefit of every improvement found practical for Ford cars."

"The design of the Model T safeguards continued service for owners of approximately nine million Ford cars and trucks now in use throughout the country, as well as for new car purchasers."

"All-steel bodies, complete new design in most body types, lowered chassis, a change from black to color in closed cars, larger, lower fenders, newly designed seats and larger, more powerful brakes are the outstanding features which the public has been enthusiastic over."

"The policy to deliver the improved types in rotation as orders are filled is to be strictly followed by all Authorized Ford dealers. Many are enrolling in the Ford Weekly Purchase Plan for improved Ford cars and will in this manner make the down payment as production gets under way."

And Local Events

## COMMUNITY CLUB

## HOLD BUSY SESSION

The San Carlos Community Club held its regular meeting at the club auditorium Tuesday evening, when meeting of the San Carlos club reported that he turned over to the club a total sum of \$502. The money collected was donations from Harry Gee of the entertainment committee turned over to the club a sum of \$57.11, proceeds of the party and dance given on Saturday evening at the school. Harry Gee had charge of two card parties which netted a sum of \$93. The money will be used for the costumes to be worn on the float.

A letter was read from the Board of Trustees thanking the club for its cooperation in calling the attention of the Board to fire hazards and other city nuisances.

An entertainment committee to prepare for the next three months appointed by the chairman included: Fred H. Drake, chairman, O. D. Fairchild, Harry Gee, Edward J. Wheeler, Charles E. Gorse, B. A. Lindberg. They will be assisted by Mesdames Sara Steele, Crackhoun, Hopkins and Gandy.

A large part of the evening was given up to discussing an educational program as well as social program for the coming months. Stereoscopic pictures will compose part of the educational program as well as several speakers. These pictures will be secured from the Southern Pacific Gas & Electric Company and the Pacific Portland Cement Company.

E. R. Burton and Mrs. L. P. Hopkins was appointed to serve on the entertainment committee, to be assisted by Fred H. Drake.

Mrs. Frances A. Smith, Mrs. L. P. Hopkins, Mrs. Hindmann and Paul Smith signed the roll as new members.

The menace arising from the discharge of firearms within the city limits formed a topic of conversation. The trustees will be asked at an early date to draft a law prohibiting the use of firearms within the city limits. The discussion of the stock getting into the yards of residents and destroying them was also a topic of discussion. The next meeting of the club will be the fourth Tuesday in September.

Further plans for the card party and dance to be given by the club September 19, were discussed. No contribution will be asked for this affair. Score cards will be 35c and good music will be provided. Everyone is asked to come, and have a good time.

## FIREMEN HOLD

## LARGE PARTY

The San Carlos Volunteer Fire Department held its first stag party at the fire house last Thursday. The evening included progressive whist, music and refreshments. High scores were held by Harry Gee and E. R. Burton, while consolation honors were awarded to William J. Scott.

## TRUSTEES

## HOLD MEETING

A resolution advertising for bids for construction of a new sewer system to serve certain sections of San Carlos and extending from the Devine property and then connecting with the Koff property and then to the waters of San Francisco Bay was adopted at the trustees' meeting on Monday evening. No protests were registered over the proposed improvement and the resolution had the unanimous approval of the trustees.

Hellman of Belmont presented plans of a new subdivision which he will put on the market as soon as approved by the Board of Supervisors. This was the first occasion for the city board to act in recommending and approving the maps of Hellman. The proposed building laws were referred to City Attorney A. J. Stuebing who has been authorized to make certain changes and corrections according to the zoning and fire regulations.

Warrants for the chief of police, treasurer and city clerk were authorized to be paid. It was reported that the traffic cases will be heard in the municipal court on next Friday.

Mr. and Mrs. Clarence E. Haydock attended the social evening held by the Knights of Pythias at the Masonic hall at Palo Alto.

De Sargent of Redwood City was a visitor in town Friday evening. Mrs. Henry Schomer has been called east on account of the serious illness of her sister.

Frank Haydock, son of Mr. and Mrs. C. E. Haydock, has formed a partnership with his uncle in Oakland. The new firm is known as Haydock & Gates and are engaged in the painting contracting business as well as selling paints, oils and varnishes.

## TO BEGIN WORK ON NEW

## HOME IN WELLESLEY PARK

Ben Zimmerman will begin work on his new home to be erected on his property in Wellesley Park next week. The plans are drawn and everything is in readiness to start the foundation. The structure will cost \$10,000 when completed. It will be one of the most modern dwellings in Redwood City. It will consist of eight rooms. Mr. Zimmerman is also to build a modern garage.

## DIVORCE DECREE IS

## GRANTED BY COURT

An interlocutory decree of divorce was granted in the Superior court Tuesday to Gertrude Struening against Wilkie Struening, on the grounds of habitual intemperance. The couple married in 1908 and separated December 4, 1924. The wife was granted custody of one child and \$60 a month for its support.

## GIVEN FINAL DECREE

A final decree of divorce was this week granted Elizabeth V. Bosshard against Julius Bosshard. The wife was also given custody of the two minor children and \$60 a month for their support. The interlocutory decree was granted August 23, 1924. J. E. McCurdy is attorney for plaintiff.

People vs Joe Ghio, George Deotto and Angelo Chiappari. Trial set for Sept. 14.

INVENTORY APPRAISEMENT FILED

H. W. Schabert, Inheritance tax appraiser of the estate of E. E. Cunningham, deceased, has filed his inventory and appraisal. The total value of the estate is placed at \$1784.11. It consists of cash in bank, stock and bonds and real and personal property. The deceased died the greater portion of his property before his death.

H. C. Tuchen has filed his inventory and appraisal in the estate of Florence Griffin. Three lots numbered 8, 11, and 12 in block 31, Crocker tract, are appraised at \$1800.

DRIVERS ESCAPE INJURY IN AUTOMOBILE CRASH

A collision between automobiles driven by Giovanni Rabont of Colma and C. M. Valva of San Carlos on the highway near Jefferson street, Redwood City, Sunday night wrecked both cars, but the drivers escaped injury, according to the report of Officer Edward McAllister, who investigated the accident.

RAVENSWOOD WATER COMPANY INCORPORATES

The Ravenswood Co-Operative Water Company has filed articles of incorporation in the county clerk's office. The purpose of the corporation is to furnish water to a 23-acre tract at Ravenswood, owned by the directors who are J. H. Stubbs, Mrs. Pearl Stubbs, Miss Loretta M. Seif, B. L. Harrison and Gus Kates. There is no capital stock for the reason that is a non-profit corporation.

## NEWS OF MENLO PARK

Rodger Reynolds, father of Rodger Reynolds, owner of the nursery near town, passed away at his home in San Francisco on August 28. He was a pioneer of the state coming to the city as a young man. He is survived by the following children: Rodger, Elizabeth, Loretta and Patricia Reynolds, Mrs. T. Dele, and Mrs. W. R. Harris. The funeral took place last Monday from St. Agnes church.

Miss Ethel Copeland is here from Los Angeles on a visit to her sister, Mrs. C. Moriarty. Miss Copeland is an unusually pretty and charming young woman, with a winsome smile that has made her many friends in her beloved sunny southland.

Fred Nessler's decorations, consisting of Diamond Jubilee colors, are attracting attention and the proprietor of the Little Green Door is commended for his enterprise. So far these are the only decorations in town.

Mrs. A. W. Harrington and her two children who have resided here all summer will leave today for Cottage Grove, Oregon, their former home. Mr. Harrington is one of the superintendents of construction of the Dumbarton bridge and will remain here until the work is finished. The Harringtons plan to make their home here.

George Earl, owner of the T. N. T. gasoline station on the corner of the highway and Live Oak street, is erecting a large pavilion on the property. It will be 50x80 feet and is to be the last word in dance halls, in point of convenience and comfort. The floor is to be all hardwood and grass will surround both sides of the structure. A portable stage is to be arranged for theatrical performances. It will be a big addition to Menlo Park.

The Parent-Teacher Association will hold its first meeting after the vacation period next Friday afternoon. All members are urged to attend as business of importance is to be transacted.

Guy Lagle and his pretty young wife have moved to San Jose to permanently reside. Mr. Lagle has had charge of the Shell Oil station here for some months.

Krauss and Lill, owners of the Triumph Cafe, have leased their corner across the highway from the cafe to the Associated Oil Company for a period of five years for an oil station. The company is to expend the sum of \$10,000 in improving the property. This station will be quite an addition to the business enterprise of Menlo Park. It will beautify that portion of town.

St. Joseph's Parochial school opened for the fall term last Tuesday with the largest enrollment in its history. Over 150 pupils are attending the institution. The good sisters have very little room left for any more students.

Kenneth Rice and William Jamison of Redwood City, who some months ago bought the Collier property on the highway for \$6,000, were offered \$8,000 this week by a Palo Alto capitalist. They refused the offer. This shows how Menlo Park property is advancing.

Last Monday the Study Club held its first meeting, following the vacation period and transacted much routine business. The members are planning much activity in the way of social entertainment during the fall and winter months.

Boyd Braden, the local realty man, has sold his property on Santa Cruz avenue, having a frontage of 100 feet on the avenue to a Palo Alto business man who is to develop the holding. Mr. Braden made an attractive profit on the deal.

Those wishing tempting home cooking and splendid service would do well to call upon Mrs. M. I. Kurtz on Santa Cruz avenue. Boarders taken by the week or month.

Victor Mitchell has secured a lucrative position in the Bank of Italy at Redwood City. The young man has all the necessary qualifications to make an expert banker and some day he may be the head of the institution. He has had a good business training, gained at the Menlo Grocery.

Miss Mae Casey, a former resident of Menlo Park but for some years living in San Francisco, was united in marriage on August 15 to Mr. Jackson, credit man for Blake, Moffitt & Towne. The honeymoon was spent in the north. The happy couple are now at home to their friends in a pretty cottage in the Richmond district, San Francisco. The home is a gift from the groom to his charming and pretty wife. Mrs. Jackson for a number of years has been the cashier for the Hulse-Bradford Company, wholesale furniture dealers. Mrs. Jackson was born here and spent her childhood in Menlo Park. She is the daughter of a pioneer family of the county and is the sister of W. T. Casey, the well-known local plumber. George Casey of Palo Alto and Miss Fannie Casey of San Francisco. Mrs. Jackson, a few years ago, was the reigning belle of the peninsula and very popular with a large circle of acquaintances.

Mrs. J. E. Reiter, a former resident of Menlo Park, was operated upon in St. Mary's hospital in San Francisco during the week. She is recovering and soon will be convalescent. The Reiteres were to have made the pilgrimage to Rome this month but the illness of Mrs. Reiter has prevented the trip.

Judge Charles A. Shurtleff and his wife are spending their vacation at Lake Tahoe. They motored to that beautiful section on Monday and plan to return next week.

W. E. Orton left yesterday with a party from Redwood City on a bus trip to the wilds of Trinity county. The many friends of Mr. Orton here plan to have venison steaks and chops for a long time after his return.

## Woodside Notes

Woodside suffered a distinct loss last week in the passing of Mrs. Benjamin Bangs. Formerly a resident of Berkeley, she came to Woodside about three years ago and in that time had endeared herself to many of us older residents. She was a great lover of flowers and an enthusiastic gardener and she was always anxious to share with her neighbors the results of her labors in the garden. Her hospitality was wide and sincere and without ostentation and to visit her home and to spend an hour in her garden was a benediction.

Mrs. Catherine Fay of Battle Creek, Michigan, is visiting her daughter, Mrs. Zimmerman. Although she has been here but two weeks, so strong an impression has California made upon her that she is determined to dispose of her property in Battle Creek and make this state her future home.

Mrs. Henry McArthur entertained twenty-five of her friends from Palo Alto at a luncheon and card party on Friday afternoon, at her delightful summer cabin. The cabin will be closed shortly as the McArthurs will be returning to their home in Palo Alto. On Saturday they will go to Big Basin for the week end and for the holidays following.

Mr. and Mrs. Bradford Leavitt spent Thursday at Santa Cruz. Their daughter, Mrs. William Lawson of Pasadena is expected here on Tuesday of next week. She will remain for two weeks.

Mr. and Mrs. F. W. Mighall will spend from Saturday till the following Thursday in San Francisco helping that city to properly celebrate the Diamond Jubilee anniversary.

In fact a number of our citizens are planning to take advantage of the school holidays the first three days of next week to transport their families to San Francisco and give them a taste of city life, and demonstrate their enthusiasm over their state's anniversary.

Miss Louise Mahon has been training a chorus of ten of the older girls to lead the singing in the local church. The choir will make its first appearance on Sunday morning.

Elmer Bonafant will be married to Miss Mary MacCuzum this evening at the house of his mother.

Mr. and Mrs. George D. Squires departed this week for Chicago, where Mr. Squires will attend a convention of traffic experts as representative of the State Railroad Commission. Mrs. Squires will visit relatives, remaining in Chicago for several weeks after Mr. Squires returns.

Prune picking is in full swing and the children are finding occupation for their leisure hours. The boys are working, mostly, that they may have the where-with-all to buy tickets to the season's football games, and the girls, that they may have something laid by for Christmas.

## MISS ABBOTT ORDERS CONSTITUTION EXERCISES

Commemorative of the 135th anniversary of the signing of the constitution of the United States, patriotic ceremonies will be held in all the public schools of the county on September 17. In a letter sent this week to all teachers of the county Miss P. J. Abbott asks that all schools observe in impressive manner the importance of the event upon their pupils. The letter sent out this week by Miss Abbott reads: To San Mateo County Teachers: Greetings: Hon. Will C. Wood, state superintendent of public instruction, suggests that September 17, 1925, mark the 135th anniversary of the signing of the constitution of the United States. Inasmuch as the teaching of the constitution is required by law in the schools of California and inasmuch as the young people of the state should become acquainted with the spirit of this great document, he requests that the day be observed in a fitting manner in all the schools of the state by holding suitable exercises in civics classes or general assemblies.

Very Truly yours, PANSY JEWETT ABBOTT, County Superintendent of Schools

Work on the Dumbarton bridge is rapidly nearing completion and soon the big span will be ready for inspection. This week cement workers began pouring in cement on the floor of the bridge. The draw bridge is yet to be constructed but this will not take long as the frame work is now being done, in San Francisco.

Yesterday E. C. Peck and Company applied to the State Railroad Commission for permission to run twelve passenger buses and six trucks over the bridge when it is finished. The buses and trucks will run to Stockton, Bakersfield and intermediate points and over the span through the peninsula to San Francisco. All the travel in that section is to be diverted over the bridge through San Mateo county to the metropolis. This means a great deal to this section as it will bring a vast number of people here and it will open up the territory. Hereafter this travel went by way of Oakland.

Nearly six thousand feet of nine hundred pair of underground cable is now being placed along the highway from Palo Alto to Menlo Park by the Pacific Telephone and Telegraph Company. The work is necessitated by the recent expansion of this territory having resulted in increased demands for service. According to J. D. Worthington, manager here, the project will cost approximately \$17,000,000, and will be completed in the early part of November. In order to distribute these facilities it will also be necessary to place two thousand six hundred feet of aerial cable in various locations throughout this district.

My personal attention and reputation back of every purchase.—A. J. Weiss, Haberdscher, Adv.

BATHS, TUB & SHOWER —At—

## ST. PETER'S EPISCOPAL CHURCH

11th Sunday after Trinity 8 m. Holy Communion. Sermon.

## Locals

Mr. and Mrs. L. B. Winger returned last Saturday from a tour of Oregon and Washington and the Yellowstone National Park. Mrs. Winger's mother, Mrs. Hamill, accompanied them on the trip, but is tarrying while in Idaho, where she is visiting her daughter. She will return to Redwood City a little later.

Rev. C. E. Kennedy and Elmore B. Hinman, both officers of the Redwood City Kiwanis club, were in So. San Francisco Thursday on business for the club.

The employees of the George Rice Abstract Company and their families enjoyed an outing in Redwood Park in the cabin of Wilbur Dooze Thursday evening. They motored to the scene of pleasure. The fleeting hours were spent in song and story and in the enjoyment of refreshments. It was an enjoyable occasion in which thirty young people participated.

Mrs. Joseph Dickey under went an operation for appendicitis at the Mills Memorial hospital Thursday. She is reported to be getting along nicely.

Myron Robertson, a former resident of this city, spent a few days last week visiting Robert Poole. Myron is waiting for Stanford University to open, and will then attend that institution.

Rev. and Mrs. R. J. Currie returned Thursday evening from a trip of several months to their former home in Canada and in the east. They returned via the Western Pacific through the Feather river canyon.

A San Francisco barge arrived at the Frank Tanning Company's dock yesterday with a cargo of hay consisting of 2450 bales of hay for a local dairy man. This is the largest cargo of hay ever brought to town in a single ship.

The merchants in town will close Monday and Tuesday of next week. No store will be opened on those days. The schools will be closed on Monday, Tuesday and Wednesday. Nearly all the people of this section will attend the big celebration in the city on Wednesday.

## PROPERTY OWNERS and PROSPECTIVE BUYERS

WE HAVE IN PREVIOUS ISSUES OF THE TIMES-GAZETTE EXPLAINED THE MEANING OF THE WORD, "REALTOR." However to go further into the explanation. It is not enough to merely sell a vacant lot. We want to assist the public in the improvement of the ground and in the financial end of the construction of the building. Then when the time comes to dispose of the property, the "Realtor" can assist to sell at a profit. The "REALTOR" is a servant of the public. If you wish to either buy at the right figure or to sell to advantage see the REALTOR.

Following are members of the REDWOOD CITY DISTRICT REAL ESTATE BOARD.
